## Education

Bachelor in Computer  
Science and Information  
Technology  
**Tribhuvan University**  
2024-Ongoing

Isc (+2)  
**Gorkha United Public School**  
2020-2022

## Skills

- Python
- C and C++
- HTML & CSS
- Communication Skills

## Language

- Nepali
- Hindi
- English

## About Me

I'm a passionate CSIT student with a strong drive to build impactful AI and Web Development projects. I've developed multiple personal projects that reflect my curiosity, creativity, and coding skills. I'm always eager to learn, experiment, and improve — whether it's mastering a new framework or diving deeper into machine learning. Currently open for internships, I'm ready to contribute and grow with real-world challenges.

## Work Experience

Developed and deployed full-stack web applications, integrating AI/ML models for enhanced user experiences.

Led the design and implementation of data pipelines for collecting, processing, and analyzing large datasets, contributing to data-driven decision-making.

Spearheaded projects involving predictive analytics, natural language processing, and computer vision, utilizing Python, TensorFlow/PyTorch, and various web frameworks (e.g., React, Node.js).

Collaborated with cross-functional teams to translate complex data insights into actionable web features, significantly improving product performance and user engagement.
